French Hold Both Flanks of Crown Prince's Attacks, But Lose Ground in Center.

(By the International News Service.)
London, May 19.—Attacking with 400,000 men, the Austrians have made further progress against the Italians in their great and sudden offensive, which now extends from the Trentino to the sea, and across the Adriatic into Albania.
The Austrian front south and southeast of Rovereto has been advanced uniformly a distance of five miles in three days, and now in places reaches Italian soil for the first time since the war started. The number of prisoners has been increased to more than 7,500. The Austrians also have taken thirty-one cannon and thirty-five machine guns.
The Italian war office tonight officially admits a general withdrawal on the Trent front. The retreat was made, it is stated, because of the violent character of the Austrian gunfire.
Germans Make Fierce Attack.
Paris, May 19.—Using large forces of men from two new divisions recently brought up to the Verdun front, the Germans made extremely violent attacks last night on the front between the Bois d'Avoucourt and Hill 304.
The attacking troops were thrown back on both flanks, but succeeded in the center, on the Haucourt-Peinos road in capturing a small work to the south of Hill 307.
With the failure in the Bois d'Avoucourt, on the left of the line attacked, and to the west of Hill 304, on the right, the Germans massed their attacking forces in an effort to continue the progress made in the Hill 307 sector, but were checked by the French artillery. An attempt also was made to retake the field fort captured by the French yesterday on the northeastern slopes of Hill 304, but the attack broke down.

"Golfer's foot" is described by Dr. Cross as "an acute condition due to the distortion of the foot as a result of a broken arch in the anterior metatarsal curve in the area."

AGED WOMAN POISONS GRANDSON AND SELF

Mrs. Sarah Ramsey, Baltimore, Seeks to Wipe Out Family After Losing Money.

(By the Sun News Service.)
Baltimore, Md., May 19.—After swallowing four tablets of bichloride of mercury last evening, Mrs. Sarah J. Ramsey, 60 years old, of North Calvert street, attempted to poison her grandson, Ramsey McGrath, 9 years old, and was prevented from being successful only by his struggles while she was feeding him the solution. Both are in Johns Hopkins Hospital, the boy with a good chance of recovery and his grandmother in a serious condition.
She had stated several times during the last week that there was nothing left for all of them but death, according to a statement made this afternoon by her daughter, Mrs. Blanche McGrath.
"My mother's mind had been weakened," declared Mrs. McGrath, "by the loss of her entire fortune within the last few months. Unfortunate investments had swept away \$55,000, which she had relied upon to support her in her old age."

BULL MOOSERS OPEN CHICAGO CAMPAIGN

(By the Sun News Service.)
Chicago, May 19.—Oscar King Davis, secretary of the Progressive National Committee, came from New York today and opened headquarters for the Bull Moose in the Auditorium Hotel.
Mr. Davis, while believing the Republicans must reckon with Theodore Roosevelt in their nomination of a candidate for President, was not willing to say that the Colonel will carry off the plum.

F. P. Corrick, Progressive State chairman from Nebraska, has just finished a tour of the Northwest and reports unexpected enthusiasm throughout Washington, Oregon, Idaho, Utah and Colorado for the nomination on the Republican ticket of Colonel Roosevelt.

G. O. P. PLATFORM TO PROMISE SUFFRAGE

(By the Sun News Service.)
Chicago, May 19.—Mrs. Carrie Chapman Catt, president of the National Woman's Suffrage Association, has received assurances that the Republican national platform will contain a full suffrage plank, according to a report that was circulated around the organization's headquarters.
Women who have been arranging for the parade of 40,000 women of June 7, the opening day of the Republican convention, were startled by the news.
Many believed that the parade would be spoiled, but the leaders assured them that plans for the demonstration would go on just the same to guard against any slip in the arrangements Mrs. Catt may have made.

(By the Sun News Service.)
Saratoga Springs, N. Y., May 19.—The Methodist general conference broke all records for the election of bishops today and tonight the seventh and last member of the episcopacy had been chosen. With the election on the seventeenth ballot of Dr. Franklin Hamilton, chancellor of the American University at Washington, D. C., the number to be chosen by this conference was completed. Dr. Hamilton secured 514 votes. The final ballot was taken at 10:30 o'clock, and was the seventh of the day in which four bishops were elected.

700 IN UNION LEAGUE WANT TO HEAR T. R.

(By the Sun News Service.)
Philadelphia, May 19.—More than 700 members of the Union League have subscribed their names to a petition to the board of directors, requesting them to invite Col. Roosevelt to address the league on the subject of "National Preparedness."
It is considered probable that, in view of the imposing array of names on the petition, the board will accede to the request.
Col. Roosevelt is an honorary member of the league. Four years ago there was a wide split in the league over Roosevelt's candidacy for President.

Railroad Accidents on Increase.

New York, May 19.—Accidents at railroad grade crossings in some sections of the country have increased 1,000 per cent in five years. This statement was contained in a report of the American Railway Association issued today at the Biltmore Hotel. The report also included the announcement that specific standards for better protection at grade crossings have been adopted.

Women of National Capital At Last to Have Suffrage

And What Is More, Their Votes Will Be Cast in Congress. Not in Halls of Capitol But in Body Composed of Clerks' Representatives.

Women of the National Capital will hold seats as representatives when the new congress assembles. They will have their say and their vote just the same as will the male representatives.
But this new congress will assemble not on Capitol Hill but perchance in such an auditorium as the National Rifles Armory. For the new congress will represent not the people of the entire United States, but the 5,000 members of the Federal Employees' Local Union No. 1622. The idea of a congress was simply forced upon the Federal clerks, and when it came to a question of representation, the suffragist members naturally suggested equal rights, and then the male members, instead of getting all excited and

Marian Lambert No Suicide, Declares Dead Girl's Father

(By the Sun News Service.)
Chicago, May 19.—Frank Lambert, father of Marian Lambert, denied dramatically in Judge Donnelly's court room in Waukegan today that his daughter had committed suicide.
It was the gardener's first declaration of his convictions. He was sitting as usual in one of the back seats of the room. The stories which have been printed that his daughter took the poison that caused her death because she was in trouble, and because she had been thrown over by Will Orpet, now charged with her murder, had angered the bereaved gardener. In an earnest manner he sought to impress his interviewers with his side of the case.
"I can't keep away from the court," he said. "Our side will prove Orpet's guilt and it will prove that he framed an alibi to conceal it, and one hundred things like that. All the stories about

Republican and Moose Lead- ers Draw Up Tentative Plat- form Suiting Aspirants.

(By the Sun News Service.)
Chicago, May 19.—Elihu Root is the prime favorite of the big men of New York and the East, and if the "old guard" can possibly nominate him they will. There is considerable question, however, as to the ability of the guardians to carry out this program.
Fred W. Upham, chairman of the Republican national convention local committee, and himself an "old guard" adherent, returned from New York today after conferences with Chairman Charles D. Hilles, of the national committee, Murray Crane, William Barnes, George R. Sheldon, treasurer of the committee, and others, and gave out this information.
Sentiment for Hughes is largely confined to the newspapers, though in the event of a deadlock the name of Hughes might be sufficient to break it. In which event he might be the nominee, Mr. Upham said. In the opinion of Mr. Upham, if Root does not get the nomination, it will come West.

(By the Sun News Service.)

It is expected that Emperor Francis Joseph will protest to the Pope against the "inhumane attempt of the allies to starve noncombatants."
The correspondent of the Sun News Service is informed from diplomatic sources that in the case such a protest is made the Pope is not likely to take any action beyond suggesting peace as a remedy.

(By the Sun News Service.)
Tarrytown, N. Y., May 19.—Neighbors up at Pocantico Hills are calling J. D. Rockefeller the Beau Brummel of the village since his return from Lakewood yesterday afternoon.
Mr. Rockefeller appeared in a black frock coat, tight fitting striped trousers, latest style derby hat, bright tie, and he wore a flowing blue scarf around his neck, and carried a light bamboo cane which he twirled in the air as he walked around his estate.
Mr. Rockefeller is apparently in excellent health. It is certain that he never dressed so modishly as at present.

WOULD SETTLE VONIGEL CASE

Von Bernstorff Asks That Former Secretary Be Re- leased on Conditions.

SUGGESTS PUNISHMENT IN GERMANY IF FOUND GUILTY

Eagerness of Envoy to End Dispute Regarded as New Evidence of Steps Toward Peace.

In pursuance of a policy to eliminate all possible causes of friction with the United States the German government now proposes a solution to the vexatious Von Igel case, the only outstanding matter in dispute.
Wolf von Igel, former secretary to Capt. von Pape, the recalled German military attaché, was arrested in New York in connection with a plot to blow up the Welland Canal and his papers were seized by Federal agents and kept despite vigorous protest by Count von Bernstorff, the German Ambassador. Germany contended that Von Igel, as a diplomatic officer, was immune from arrest and his papers immune from seizure.

T. R. Scores Ford And Wins Detroit

Peace Advocate's Townsman Heartily Applaud Sallies of Former President.

(By the International News Service.)
Detroit, Mich., May 19.—Col. Theodore Roosevelt rode rough-shod over the peace-at-any-price doctrine here today, and took Detroit by storm.
From the time of his arrival at 7:15 o'clock this morning until his departure twelve hours later, cheering and flag-waving greeted his every public appearance. All sorts and conditions of people, of high and low degree, rose to his impetuous demands for national preparedness and shouted their approval.
Into the stronghold of Henry Ford, the former President sent the noted peace advocate into temporary eclipse, at least. In a speech abounding in delicate irony, he ridiculed the pacifist theories of Mr. Ford, while the latter's fellow-townsmen responded with roars of hearty laughter.
As a climax, after representatives of Mr. Ford had made arrangements for the millionaire automobile builder to call on the Colonel at the Detroit Athletic Club this afternoon, Mr. Ford made his excuses and broke the appointment. Word was sent that Mr. Ford would not be able to leave his plant and call upon Mr. Roosevelt, but would be glad to welcome the Colonel at the works and show him about. Col. Roosevelt did not accept the invitation. Col. Roosevelt will be back in Oyster Bay tomorrow afternoon.

SIXTH CAVALRY RECALLED

U. S. Forces Pursuing Glenn Springs Outlaws Will Be Used to Police "Big Bend" Country Where More Serious Trouble Threatens.

(By the Sun News Service.)
El Paso, Tex., May 19.—Another raid over the Mexican line into Texas and threatened trouble of a similar nature in the future, have halted the expedition of American forces into Mexico south of the "Big Bend" country of Texas.
Placido Villanueva, a Villa bandit mistakenly reported killed in a fight with troops of Telesforo Dominguez near Ojinaga several weeks ago, has joined forces with Jose Chavez, another bandit leader, and they are stealing horses on both sides of the river. The first theft was made from the ranch of Buck Poole, where they took ten head of horses, near Presidio, Tex.

News reached here today that they also raided the ranch of Felipe Valdez, sixty miles from Presidio, taking a number of horses and supplies. It is generally thought they are getting new mounts for the purpose of committing raids into Texas towns.

War Office Orders Reprieve on Receipt of President's Request for Facts of Case.

(By the Sun News Service.)
London, May 19.—From all that could be learned up to a late hour tonight from official quarters with regard to the status of Jeremiah G. Lynch, of New York, a naturalized American citizen convicted by a court martial of participation in the Dublin rebellion and sentenced to death, he is still alive, and the war office and Gen. Sir John Maxwell, commander of the British troops in Ireland, are considering his case, as a result of an appeal in his behalf sent by the American State Department. Lynch, it was reported last night, was to be executed at 4 o'clock this morning.
The American Embassy gave out a statement this afternoon saying that it had received an inquiry from Washington concerning Lynch's offense, requesting that he be not executed until the facts have been forwarded to Washington. The Embassy adds that it was awaiting the reply of the war office.

Baltimore, Md., May 19.—Mrs. Emily Nelson Ritchie McLean, wife of Donald McLean, a prominent New York attorney, past president general of the Daughters of the American Revolution and a native Marylander, died at 2:46 o'clock this afternoon at the Church Home and Infirmary. She was brought to that institution on April 14, from Norfolk, Va., where she was visiting her brother-in-law, Rear Admiral McLean.
Mrs. McLean was stricken ill early in April and after being treated at Norfolk, the attending physician advised that she be brought to Baltimore. This was done, and, although the best specialists were in attendance and every treatment for her ailment known to medicine and surgery was employed, it was a fruitless fight.

Threaten Strike Unless Ten Boston Operators Are Reinstated.

New York, May 19.—An ultimatum calling upon the Western Union Telegraph Company to reinstate ten discharged operators in Boston was served today by the Commercial Telegraphers' union of America. If the demands are not met, a strike in Boston will be called. In the event the company attempts to use strikebreakers in that city, a general strike throughout the country will result, it was said.
The dismissal of the ten operators was unwarranted, according to the union leaders. A general convention will be held in New York May 29, when the demands of telegraphers throughout the country will be acted upon.
